

TENDER C. D. LOWE FAREWELL FEAST

Friends of Postoffice Inspector
Congratulate Him on His
Promotion.

As an evidence of the respect and esteem in which Postoffice Inspector C. D. Lowe is held, a banquet was tendered him at the Cullen hotel yesterday afternoon, which was attended by a number of government officials. Mr. Lowe leaves the Salt Lake station and goes to San Francisco next Wednesday. The transfer is naturally in the nature of a promotion. His successor in the Salt Lake office, R. E. Nelson, is here ready to assume his duties. He comes from Boise, Ida.

About fifteen of Mr. Lowe's intimate friends sat down to a luncheon at the Cullen. Many tributes of regard were spoken to the retiring postoffice inspector. Postmaster A. L. Thomas complimented Mr. Lowe on his work while connected with the local postoffice. Mr. Thomas said so many pleasant things about his friend that Mr. Lowe could not restrain a blush.

One of the biggest compliments was paid by William McCrea, assistant United States district attorney, when he said that his office never failed to secure a conviction upon evidence worked up by Mr. Lowe. He said that

his cases were always brought in a spirit of justice to the accused, but with that accuracy and exactness which is necessary in postoffice offenses.

James Clove of Provo, was introduced by Toa-master Valno Yattinen, United States immigration inspector, as the test-natured postmaster he had ever met. Mr. Clove's remarks did not contradict what his friend, the toastmaster, had said about him. Mr. Clove related many pleasant experiences, both social and official, with Mr. Lowe while he had been an inspector in this district.

L. H. Smith, chief United States deputy marshal, spoke of the difficulties encountered and the successes achieved in running down violators of the postal laws, and gave Mr. Lowe due credit for his official and painstaking services.

In an entertaining talk R. E. Nelson, who succeeds Mr. Lowe, created the impression that he will make a worthy successor.

E. D. R. Thompson, register of the United States land office in Salt Lake, spoke of his pleasant relations with the retiring postoffice inspector, and wished him good luck and success in his new field of work.

Captain George Hair, chief of the field service of the United States land office in this district, although not officially connected with the department in which Mr. Lowe labors, surprised those present with his intimate knowledge of the efficient work Mr. Lowe has done.

Brief but interesting talks were made by Messrs. Patne and Walker. They threw a dash of humor into their remarks.

The farewell address in compliment of Mr. Lowe was made by his good friend, P. E. Francisco, state manager

of the West Coast Life Insurance company.

Mr. Lowe spoke with a deep feeling of gratitude in thanking his friends for the many expressions of good will. He said that he regretted to leave Salt Lake, where his work has been so pleasant, and where he had labored with so many good and efficient government officials.

CUTS OFF ALIMONY.

As his wife has married again since her divorce from him on April 13, 1930, Herschel B. Lyman yesterday obtained a modification of the divorce decree at the hands of Judge C. W. Morse of the district court, in that he would not have to pay the \$15 a month alimony while his wife is out of the jurisdiction of this court. Mrs. Edith Lyman is now Mrs. Frederick Allen. She retains the custody of Lyman's child, America, and will move to Chicago, where her new husband is engaged in business. Judge Morse gave her the right to take the child with her, but the husband will not have to pay alimony while she is out of the state.

A NOTRE DAME LADY'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. Write the above interests you, for proof address: Mrs. M. Summers, Box R, Notre Dame, Ind.

JUDGE LEWIS ADDS ONE DOLLAR TO DAIRY FINE

Judge T. D. Lewis of the district court added \$1 to the fine of B. W. Merrill when he found him guilty of selling milk in Salt Lake without having first obtained a permit from the city. Merrill was found guilty by Judge J. M. Bowman of police court on June 9, 1930, and fined \$100. The case was appealed to the district court and tried before a jury, which found Merrill guilty some weeks ago. Judge Lewis yesterday fined Merrill \$100, raising Judge Bowman's \$1 in lieu whereof he will be compelled to serve 101 days at hard labor in the city jail. A stay of 30 days was granted by Judge Lewis, with the understanding that this will be carried to the supreme court for a test case.

UTAH-IDAHO SALES FOR WEEK ARE OVER \$15,000

Sales amounting to nearly \$15,000 were reported during the past week from the office of the Utah-Idaho Investment company. The number of inquiries has also been large, and the outlook for business during the coming season is reported excellent. The company will commence grading in the new addition, Alhambra place, at State street and Fourteenth South, during the coming week. The sales reported are as follows: Mr. Schroeder, 227 acres near Riverton; Mrs. Stewart, a rooming house at 144 North Main street, and John Gabbott, a five-room modern brick house near Second South and Twelfth West, and a similar structure on Roberta avenue.

SUIT FOR MATERIAL.

O. M. West placed four mantels on houses constructed by the Salt Lake Security & Trust company on property owned by Mrs. Sophia O. Mehan and yesterday brought suit in the district court for the work. He claims a bill of \$100 and asks that it be declared a lien against the property. The property is described as lot 8, block 10, plat 2, which is in Capitol subdivision. The mantels are said to have been placed in the houses under a contract signed December 15, last. In addition to the \$100 for the mantels, West asks for \$110, which it cost him to file a mechanic's lien in the recorder's office, and for \$30 attorney fees.

REFLECTIONS ON HIS NOSE

It Was a Red One Before Poslam Completely Cleared the Skin.

Because of the numerous reflections on his red nose many a man possessed of that affliction has determined to rid himself of it, and has done so quickly through the use of a little poslam, the new skin remedy, naturally flesh-colored, which heals and hides skin imperfections. Although primarily a remedy for eczema—stopping the itching with first application and rapidly restoring the health of the skin—poslam shows immediate and surprising results when used for less serious skin afflictions, such as pimples, rash, blotches, inflammations, etc. Used after shaving it will soothe and tone up the skin as no toilet preparation could possibly do.

According to the uses for which it is employed, poslam may be purchased in 50-cent boxes or \$2 jars at F. J. Hill Drug Co. and all drug stores. A free sample which will demonstrate its marvelous work will be sent upon request to any one who will write to the Emergency Laboratories, 32 West 25th street, New York City.

SALT LAKE Y. M. C. A. GIVEN A HIGH RANK

Comparison With Sixteen Others in
Cities of Same Class Made
by Officials.

Directors of the Salt Lake Young Men's Christian association are much elated over the showing of the local institution, as compared with similar institutions in other cities of the United States and Canada of approximately the same size.

Seventeen cities with a population running from 50,000 to 110,000 are included in the reports of the year book of Young Men's Christian Associations of North America, which has just been issued. According to this annual Salt Lake's association is accomplishing much good and is maintaining a high standard of efficiency. The cities with which comparisons are made are: Winnipeg, Man.; Birmingham, Ala.; Mobile, Ala.; Bridgeport, Conn.; Cambridge, Mass.; Lowell, Mass.; New Bedford, Mass.; Grand Rapids, Mich.; St. Joseph, Mo.; Trenton, N. J.; Albany, N. Y.; Reading, Pa.; Houston, Tex.; San Antonio, Tex.; Tacoma, Wash., and Salt Lake, Utah.

In these seventeen cities, all of which run between 50,000 and 110,000 in population, and average 100,585 in population, the average membership in the local Y. M. C. A. is 988. Salt Lake's membership is 1,363, and the population is given in the year book as 100,000, which indicates that the Y. M. C. A. of this city is running 59 per cent ahead

of the average of cities of its size. Salt Lake's Y. M. C. A. ranks as follows, according to the year book, which gives comparisons with sixteen other cities of the same class: Eighth in population; first in membership; first in situations secured; third in membership in gymnasium classes; fifth in extension work done for boys not members; first in number at summer camps; first in number of different students; first in number of international certificates won; second in Bible classes; tenth in attendance at religious meetings.

STAY OF EXECUTION.

A stay of execution for 30 days was granted yesterday by Judge C. W. Morse of the district court in the case of W. S. McCormick against Mrs. Marie Levy. McCormick obtained judgment last Thursday against Mrs. Levy for about \$8,000 on a note, and the right to foreclose on the mortgaged property on East South Temple, which is said to be worth about \$40,000. The case has once been to the supreme court and a second victory for McCormick was the result.

BLOOD POISON

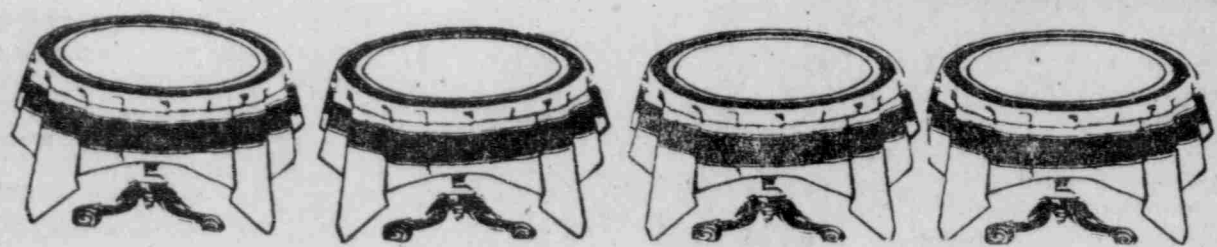

Cured by the Marvel of the
Century, the Obbac System

Drives out blood poison in any stage permanently, without costly surgery, or bottles of pills, but with purely vegetable, safe ingredients. To prove it we will send you a

Interest Will Center in our Big Semi-Annual DRESS GOODS SALE!

Reasonable, regular prices give way to stirring reductions, the savings being worth while. Choice new weaves and almost our entire stock included

Some buyers rush to New York, make quick selection and are back again as quick as a wink. Our dress goods buyer takes his time, visits the importers, the wholesalers, and then leaves New York and seeks the mills. Stocks are gone over everywhere. Quality, then quantity, then price. This sale was in his mind when the buyer was East early in the season. Many tailored suitings were picked up at a price which justifies strong reductions. These run to fancy mixtures, satin striped effects and diagonal mixtures. Some handsome serges, so popular this season, and satin finished cloths, greatly in demand, are among the features obtained. It is one of the best sales we ever arranged.

15 PIECES OF CHEVRON SUITINGS.

Black and white, blue and white shepherd checks in wool and mohair fabrics. The chevron suitings come in light and medium gray, light and dark navys, brown, tan and dark red. Values, 75c; sale, 50c.

40 to 44 inches wide—an amazing variety of medium and light weight spring dress goods in plain and shadow stripes, fine French twills, hand-twisted serges; batistes, foules and other weaves. Value, \$1.00; sale, 69c yd.

ALL REMNANTS OF DRESS GOODS ONE-HALF PRICE AND LESS.

The Seven Ages of a Boy

Boys' Spring Clothes of the Better Kind

Many buyers of boys' clothing make the mistake of considering but one feature—appearance, color or pattern of the cloth—entirely losing sight of the three essential requirements of high-grade garments—QUALITY, STYLE and FIT. Many cheaper grades have a good appearance when purchased, but show their quality after a few weeks' wear. The better grades sold by this store have quality, style and fit worked into them by HAND-TAILORING and will show these features as long as worn.
